**Agreement Between
Mechanical Contractors Association of Northwestern Ohio, Inc.**

And

**The United Association, Local 50, Journeymen and Apprentices
of the Plumbing and Pipefitting Industry of the United States and Canada**

- (1) This Agreement entered into this **30th day of June, 2017**, by and between the Mechanical Contractors Association of Northwestern Ohio, Inc. hereinafter called the "Association", and the United Association, Local 50, Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada (AFL-CIO), hereinafter called the "Union".
- (2) Wherever in this Agreement "man" or "him" or their related pronouns may appear, either as words or parts of words, they have been used for representative purposes and are meant to include both female and male sexes.

**Article I
Definitions**

- (3) EMPLOYEE - The term "Employee" shall mean a journeyman or apprentice plumber, steamfitter, pipefitter, pipefitter-welder; refrigeration or air conditioning worker; housing division plumber and mechanical equipment serviceman; employed by an Employer engaged in the work set forth in Schedule A, which is a part of this Agreement.
- (4) EMPLOYER - The term "Employer" shall mean any contractor engaged in the work set forth in Schedule A.

**Article II
Recognition and Scope**

- (5) The Employer recognizes the Union as the sole and exclusive bargaining agent for all employees engaged in the performance of the work set forth in Schedule A in the following Ohio counties: Defiance, Fulton, Hancock, Henry, Lucas, Ottawa, Paulding, Putnam, Sandusky, Seneca, Williams and Wood, provided, however that should the jurisdiction of the Union be altered by its parent organization, such change shall be reflected in the operative effect of this Agreement.
- (6) The Union has requested recognition as the Section 9(a) representative of each Employer's bargaining unit employees. The Union having demonstrated to each Employer's satisfaction that a majority of the bargaining unit employees covered by this collective bargaining agreement have designated the Union to serve as their collective bargaining representative, and are desirous of maintaining such representation, the Employer hereby agrees voluntarily to recognize the Union as the exclusive bargaining representative of all such employees pursuant to Section 9 (a) of the National Labor Relations Act, as amended, for all purposes even as if the Union had been certified by the National Labor Relations Board as the exclusive bargaining representative pursuant to a representation election conducted among employees in the bargaining unit, as that unit is defined elsewhere in this collective bargaining agreement.
- (7) The Employer further agrees to waive any rights it may have to repudiate the Agreement upon its expiration.

**Article III
Union Security**

- (8) All employees now engaged by the Employer shall remain members, in good standing, of the Union during the term of this Agreement. All employees hired by the Employer shall become and remain members, in good standing, of the Union eight (8) days following the execution of this Agreement or the start of employment, whichever is the later date.
- (9) In interpreting good standing in the Union, the Employer shall not discharge any employee for non-membership in the Union if:
 - 1). it has reasonable grounds for believing that such membership was not available to the employee on the same terms and conditions generally applicable to other members; or
 - 2). if it has reasonable grounds for believing that membership was denied or terminated for reasons other than the failure of the employee to tender the periodic dues and initiation fee uniformly required as a condition of acquiring and retaining membership in the Union.
- (10) The Employer shall deduct union dues from the wages of each employee who has voluntarily signed a dues deduction authorization form as required by law.
- (11) The Union shall be responsible for obtaining and furnishing to the Employer all individually signed dues deduction authorization forms.
- (12) The Union shall defend, indemnify and hold harmless the Employer for any and all claims made against the Employer arising out of the establishment and existence of a union dues program, except for the failure of the Employer to remit to the Union the union dues withheld.

**Article IV
Collective Bargaining Unit**

- (13) The persons, firms, corporations, joint ventures, or other business entities bound by the terms of this Agreement are referred to in this Agreement as "Employer" or "Employers". The Employers and the Union, by entering into this Agreement, intended to and agree to establish a single multi-Employer collective bargaining unit. Any Employer who becomes a party to this Agreement shall thereby become a member of the multi-employer collective bargaining unit established by this Agreement.
- (14) Employers covered by this Agreement shall be free to designate their own representatives for the purpose of collective bargaining and contract administration; however, such designation shall not affect the Employer's membership in the collective bargaining unit established by this Agreement.

**Article V
Employer/Employee Scope**

- (15) One Employer may work with the tools if he complies with all terms set forth in the present Collective Bargaining Agreement.
- (16) No employee shall contract or sub-contract work in a lump sum on any job, nor engage in any work that would result in his acting as a competitor to any Employer.
- (17) It shall be the duty of the Union and the Employer, individually and as a whole, to diligently police and enforce these regulations to eliminate "moonlighting" especially after regular hours and on weekends.
- (18) All vehicles and self-propelled equipment belonging to the Employer which are used on projects shall have permanently affixed, in a clear and legible manner and in contrasting colors, the Employer's name and appropriate license number.
- (19) A journeyman or apprentice found doing any work as defined in Schedule A during or after the regular hours of this Agreement, either as self-employed or for any person or firm not in agreement with the Union, shall be brought before the Executive Board of the Local Union and fined accordingly if found guilty by the Board.
- (20) Any person having any Master's license or Contractor's license shall relinquish the license or lose their voting right and will be unable to sign the "out-of-work list".
- (21) Any person having any Master's license or Contractor's license wishing to become a working member of the Union shall relinquish said license or licenses and replace them with a journeyman's license.

**Article VI
Hours and Related Matters**

- (22) The basic work day shall consist of eight (8) hours between 7:30 a.m. and 4:00 p.m., Monday through Friday, all inclusive, with the exception of the Holidays hereinafter provided.
- (23) The basic work week shall consist of forty (40) hours, Monday through Friday, inclusive, with the exception of the Holidays hereinafter provided. For the purposes of this Agreement, a day shall be considered as beginning at 7:30 a.m. starting time and ending on the following morning at the same hour, and the wage rate to be paid shall depend on the clock hours during which the time worked falls, notwithstanding the fact that this may result in two (2) rates of pay being paid for one (1) shift. However, this paragraph shall not be construed as a guaranteed work day or week. The choice of starting times may be varied by mutual consent of the Employer and the Union business representative.
- (24) The six recognized Holidays for the purpose of this agreement shall be:
 - New Years Day
 - Memorial Day
 - Independence Day
 - Labor Day
 - Thanksgiving Day
 - Christmas Day
- (25) When holidays fall on Sunday, such holiday will be celebrated on the following Monday. When holidays fall on Saturday, such holiday will be celebrated on the preceding Friday. There shall be no paid holidays. Double time shall be paid for all work performed on a recognized holiday.
- (26) On jobs scheduled for five eight hour days, Monday through Friday. The Employer may request Employees who have been scheduled for work the full week, to work up to ten hours in a day at straight time. The appropriate overtime will be paid after ten hours in the day or 40 hours in the week. Any work over eight hours per day shall be voluntary on the part of the Employee. Employees declining such work shall do so without penalty or recrimination. If an Employer is found to violate the voluntary nature of this provision, the Grievance Committee, in addition to all remedies legally available at its discretion may suspend the Employer's ability to employ this provision.
- (27) Employees shall receive eight (8) hours pay (base rate) for a death in the immediate family (spouse or child).

- (28) Annual time off for vacation for each employee shall be at their own discretion, provided however, that the employee give the Employer two (2) weeks notice and there is manpower available.
- (29) Overtime shall consist of time working in excess of eight (8) hours on any regular work day, or forty (40) hours in any regular work week, or on any Saturday, Sunday, or on any of the holidays hereinafter provided, with the exception in paragraph (26) and other exceptions hereinafter stated. Any employee required to work continually in excess of eight (8) hours shall be paid at the overtime rate. The Employer shall notify the business office of the Union prior to the institution of any overtime work on a weekly basis.
- (30) Shift work may be performed at the option of the Employer. The wage rate for Second shift shall be 8 hours work for 8 hours pay, plus a \$2.00 per hour shift additive. The wage rate for Third shift shall be 8 hours work for 8 hours pay, plus a \$2.25 per hour shift additive. The basis for which shift rate shall be applicable lies where the majority of the straight time hours are worked. If the majority of straight time hours are worked before 12:30 a.m., second shift rate shall apply. If the majority of straight time hours are worked after 12:30 a.m., third shift rate shall apply. Should the employee be tardy or leave early, the Employer will compensate the employee for the full eight (8) hours pay, including the appropriate shift additive less those hours not worked.
- (31) If a job is to be worked twenty-four (24) hours on two (2) twelve (12) hour shifts, the first shift shall start at the regular starting time and receive overtime rate of pay after eight (8) working hours. The second shift shall be paid on the same basis as the first shift with a fifteen percent (15%) premium over and above the basic hourly wage.
- (32) An Employee who reports for work at the regular starting time and for whom no work is provided shall receive pay equivalent to two (2) hours at the applicable hourly rate, provided the Employee at the Employer's discretion remains available for work. An Employee who reports for work and for whom work is provided shall be paid for actual time worked but not less than two (2) hours. However, when strike conditions make it impractical for an Employer to put such an Employee to work, or where stoppage of work is occasioned thereby, or when an Employee leaves work of his own accord, the provisions of this paragraph shall not apply and wages shall be paid only for hours actually worked.
- (33) Any employee reporting for employment on his first day of hire shall receive pay for eight (8) hours work if he reports before 9:00 a.m., except where the request for the employee's referral was made not less than thirty-six (36) hours in advance, excluding Saturday, Sunday and holidays. If an employee is referred to a job thirty (30) or more miles from the Lucas County Courthouse, based on the shortest route therefrom, the foregoing reporting time shall be increased by one-half ($\frac{1}{2}$) hour. In all cases, however, if work is available and the employee refuses to complete a full day's work, pay will be for actual time worked only.
- (34) With the exceptions hereinbefore provided, no new construction work shall be performed on Saturday or on any of the holidays set forth herein; provided, however, in the case of an emergency, an arrangement to work such time must be made between the Employer and the business representative of the Union. Employees working such time shall receive pay at the appropriate overtime rates of pay.
- (35) The Employer shall provide two (2) rest periods (coffee breaks) of ten (10) minutes each total, at the work station; one (1) in the first four (4) hours and one (1) in the last four (4) hours of each shift. Nothing in this provision shall interfere with the right of the employee to take time off from work to meet the ordinary needs of personal hygiene. However, it is intended that the Foreman and/or Job Steward assist in preventing abuses of the ten (10) minute time limitations.
- (36) When an employee is requested to work in excess of nine and one-half (9-1/2) hours there shall be an additional ten (10) minute break at the eighth (8th) hour and every four (4) hours thereafter.
- (37) After the first four (4) consecutive hours of labor, employees shall be entitled to a thirty (30) minute lunch period for which they shall not be compensated.
- (38) When an employee is requested to work in excess of ten (10) hours on any day on which overtime hours have not been scheduled by the Employer with the employee no later than the preceding day, then the employee shall receive a thirty (30) minute lunch period, after the tenth (10th) hour of work, for which he shall be paid at his proper overtime rate. In the case of scheduled overtime, the employee shall receive a thirty (30) minute lunch period after the tenth (10th) hour of work and every (4) hours thereafter, for which he shall not be paid.
- (39) Employees, who after completing their regular shift are called back to work, shall do so promptly and shall receive their applicable rate of pay from the time the call is received, provided they report to work within one (1) hour therefrom. Employees shall remain on applicable overtime rate until he/she receives a shift break of a minimum of seven (7) hours.
- (40) All wages are due and payable once each week not more than three (3) working days following the close of the work week and not later than one-half ($\frac{1}{2}$) hour before the regular quitting time.
- (41) The Employer may choose to use direct deposit to pay all Employees of Group I and Group II. Groups III, IV, and V may choose to receive a weekly paycheck per paragraph (40) without penalty or recrimination. If the Employer chooses to utilize direct deposit, the monies shall be posted by 3:30 PM to the Employee's account on payday and the Employer shall mail the check stub as long as it is postmarked by pay day. Any Employee of this Employer may request to be paid by direct deposit or choose to have his paycheck mailed to a location of the Employee's choosing as long as the check is post marked by pay day.

- (42) An employee laid off or discharged shall continue to receive his contractual rate of pay until final check is received in full or direct deposit is made. A layoff slip with the Employer's Name, Address, Phone Number, Termination Date and Reason for Separation shall be included with the final paycheck or check stub.
- (43) In the event an Employee's check is issued incorrectly and the amount is greater than 2 hours at the individual's base hourly rate, beginning from the time the employee notifies the Employer or their representative, the Employer will have until the end of the shift of the next normal working day (Monday through Friday) to correct the amount paid. Failure to comply with these provisions will result in a penalty to the Employer of two (2) hours pay for every normal workday or portion thereof that the check is not corrected, up to a maximum of ten (10) hours.
- (44) Scheduled overtime and regular work week wages shall be payable upon layoff. Layoff on emergency or unscheduled overtime shall be payable the following business day at the Employer's office no later than 12:00 noon or mailed to the employee at the employee's discretion. If it is necessary to rewrite a layoff check outside of normal business hours, due to an employee's late start or early quit, the check is due the next business day at the Employer's office by 12:00 noon or mailed to the employee at the employee's discretion. Whenever the check is due the next business day, the employee shall be informed, prior to the end of the shift, of how many hours will be turned in.
- (45) Employers, whose principle offices are located outside the territorial jurisdiction of the Union, must use the Ohio Bureau of Unemployment Compensation and Industrial Commission and Worker's Compensation, in order to secure and maintain the employee's benefits thereunder.
- (46) An employee who quits shall be paid on the Employer's next following pay day by picking up his checks at the Employer's office. In the event the employee does not appear at the Employer's office on the scheduled day, his checks will be mailed to him the following day.
- (47) When an employee member of the Union is fired, the Employer shall give written notice to the Union postmarked within twenty-four (24) hours after the firing, using a form provided by the Union and approved by the Employer Association.
- (48) Employers whose principal offices are located outside the territorial jurisdiction of the Union, who cannot furnish a local banking reference to the Union business agent at a pre-job conference, will pay all wages in cash or cashier's check unless the provisions of this paragraph are specifically waived by the business agent.
- (49) On wage rate adjustment dates or apprenticeship promotion dates where a change in wage rate schedules occurs in the middle of work week and computerized payroll operations cannot be altered to properly record these changes, adjustments may be completed on the payroll for the following work week.
- (50) Failure of the Employer to make payment to the employee within the time established in the various sections of this Article, with the exception of Paragraphs (43) and (43), shall result in the Employer being liable for liquidated damages as a delinquency assessment of ten percent (10%) of the total amount due the employee plus five percent (5%) of the total due each calendar month thereafter.
- (51) PROVISIONS FOR FOUR (4) TEN HOUR WORK DAYS - By mutual consent of the union and the contractor, an optional 4 day work week shall be established at 10 hours per day at straight time rate. This option will be utilized on a Monday through Thursday basis only. Friday, Saturday, Sunday and all hours in excess of 10 shall be at the appropriate overtime rate. In the event a jobsite is shutdown due to weather conditions or one of the designated holidays fall during the week, then Friday may be worked as a make-up day provided employees who inform their employer that they do not want to work a Friday make-up day will not be penalized. At no time shall Saturday be worked as a make-up day for straight time.
- (52) The optional work day shall be an established consecutive 10 hour work period between the hours of 6:00 a.m. and 6:00 p.m. for 1st shift. Second shift shall start between the hours of 4:00 p.m. and 7:00 p.m.. The second shift wage rate shall be 10 hours pay for 10 hours worked plus \$2.00/hr.
- (53) Any employee reporting for employment on his first day of hire shall receive pay for 10 hours work provided he arrives at job site within 1 ½ hours of normal dispatch time. All other hours and related matters shall be consistent with Article VI of this agreement.
- (54) An Employee who reports for work at the regular starting time and for whom no work is provided shall receive pay equivalent to two (2) hours at the applicable hourly rate, provided the Employee at the Employer's discretion remains available for work. An Employee who reports for work and for whom work is provided shall be paid for actual time worked but not less than two (2) hours. However, when strike conditions make it impractical for an Employer to put such an Employee to work, or where stoppage of work is occasioned thereby, or when an Employee leaves work of his own accord, the provisions of this paragraph shall not apply and wages shall be paid only for hours actually worked.
- (55) The Employer shall provide two (2) rest periods, (coffee breaks) of ten (10) minutes each total at the work station, one in the first five hours and one in the last five hours of each shift. When an employee is requested to work unscheduled overtime, he shall receive a ten (10) minute rest period after the tenth (10th) hour. If the unscheduled overtime will last longer than two (2) hours, the employee shall receive a thirty (30) minute paid lunch period after the tenth (10th) hour of work and every four (4) hours thereafter. A ten (10) minute break shall be provided every two (2) hours between lunch periods. In the case of scheduled overtime the lunch periods shall be unpaid.

**Article VII
Union Representation**

- (56) Authorized representatives of the Union shall have access to jobs where employees covered by this Agreement are employed, providing they do not interfere with the employees and further provided that such representatives fully comply with visitor and security rules established by the owner.
- (57) The Union shall select potential stewards from the Building Trades Journeymen on the project to be agreed upon by both the Union and Employer. If the Union and the Employer cannot agree on the selection of the steward, the Union will have the sole right to name the steward in which case the protection from lay-off in Paragraph (61) does not apply. A steward may be appointed for each shift in the same manner. The steward shall, in addition to his work as a journeyman, be permitted to perform during working hours such duties for the Union as cannot be performed at other times. It is agreed such duties shall be performed as expeditiously as possible, and that the Employer will allow the steward a reasonable amount of time for the performance of such duties. The Employer shall not discriminate against the steward in the proper performance of the steward's union duties. The steward shall not leave the work area without first notifying the appropriate supervisor and receiving his approval, such approval will not be unreasonably withheld.
- (58) When the Employer's workforce is forty (40) or more U.A. members on the job site, the steward shall receive a 10% wage increase. There shall be no non-working stewards.
- (59) The steward shall be notified of all employee transfers, new hires, layoff, and discharges. His duties shall not include hiring or termination, nor shall the steward cause any interference with work progress. The steward shall not perform supervisory duties. The steward shall have the right to receive complaints or grievances and to discuss and assist in the adjustment of the same with the employee's appropriate supervisor.
- (60) It will be necessary to assign a steward to work when one or more members of that craft or work crew are required to work overtime. In order for the steward to work such overtime the steward must be qualified to perform the work being undertaken during the overtime period. Otherwise, a temporary steward may be appointed.
- (61) The steward shall not be subject to layoff or transfer until the crew size falls below 6 men, except by mutual consent. The Employer still retains the right to discharge the steward for proper cause to the same extent as other employees provided the Union shall be given notice before a steward is terminated.

Referral Procedure**

- (69) In the interest of maintaining an efficient system of production in the Industry, providing for an orderly procedure of referral of applicants for employment, preserving the legitimate interest of the employees in their employment status within the area, and preventing discrimination in employment because of membership or non-membership in the union, the Union hereby adopts the following procedures for referral of applicants for employment:
- (70) The Employer shall request applicants for employment by calling the Union. The Employer is free to hire whomever it sees fit, but, upon request of the Employer, the Union shall use its best efforts to refer applicants. When the Union is requested but unable to furnish the required employees within forty-eight (48) hours from the time of receiving the Employer's request, Saturdays, Sundays and holidays excepted, the Union shall contact the Employer within the forty-eight (48) hour period to discuss means of manning the Employer's job. The Employer may reject any applicant referred.
- (71) The Union shall not be held responsible for any tortuous acts of those it refers.
- (72) Except as provided in Schedule B and/or the written rules of this Referral Procedure, the Employer shall employ only qualified journeymen plumbers, steamfitters, pipefitters, pipefitter welders, refrigeration and air conditioning men, and mechanical equipment servicemen.
- (73) The referral by the Union of journeymen and apprentices shall be on the following basis:
- (74) Selection of applicants for employment shall be on a non-discriminatory basis and shall not be based on, or in any way affected by, union membership, by-laws, regulations, constitutional provisions, or any other aspect or obligation of union membership, policies or requirements. Such selection of applicants shall not be in contravention of the terms and provisions of any Federal and/or State law or Federal regulation and/or executive order.
- (75) The Union shall maintain an "out-of-work list" on the basis of the groups listed below. The list shall include the craft classification of each applicant. Such craft classifications are plumbers, steamfitters, welders, refrigeration and air conditioning men, and mechanical equipment service men. All applicants for employment shall be registered in the highest priority group for which they qualify. The groups shall be:

GROUP I

- (76) All applicants for employment who have five (5) or more years experience in the Plumbing and Pipefitting building and construction trade, are residents of the geographical area constituting the normal building and construction labor market, have passed a competency examination that adequately tested the skill and training necessary to qualify as a competent journeyman and who have been employed for at least two (2) years in the last four (4) years in the Plumbing and Pipefitting building and construction trade within the geographical area constituting the normal building and construction labor market.
